# Akhilesh Jaiswal

**Senior Frontend Developer - Angular | TypeScript | Web Performance & Accessibility**

Amsterdam, Netherlands | +31 6 30258632 | akhileshjaiswal00000@gmail.com | LinkedIn | GitHub

## SUMMARY

Frontend Developer with **8+ years** of experience building enterprise web applications, including **6 years on Air France-KLM's customer-facing platform** (airfrance.com / klm.com) serving **30M+ users across 150+ markets**. Specialist in **Angular (v13 to v22), TypeScript and RxJS/Signals** within large **Nx monorepos**. Track record of owning features end-to-end, from new landing pages and search to theme rollouts, and of delivering measurable gains in **performance (LCP reduced by 50%)**, **search speed (~75% faster)**, **accessibility (zero axe-core violations)** and **test coverage (~95%)**. Mentors teammates, reviews code daily and builds developer tooling that saves the team time every week.

## SKILLS

**Frontend:** Angular (13-22, Standalone, Signals, Control Flow, SSR), TypeScript, JavaScript (ES6+), RxJS, NgRx, HTML5, CSS3/SCSS, Tailwind CSS, Angular Material

**Architecture:** Nx monorepo, Micro-frontends, Design systems, Reusable component libraries (components, pipes, directives)

**Quality & Testing:** Jest, Jasmine/Karma, Cypress, Playwright, Storybook, ESLint & Stylelint (custom rules)

**Performance & A11y:** Core Web Vitals / Lighthouse, NgOptimizedImage, lazy loading, SSR/SEO, WCAG 2.1, axe-core

**Integrations & Tooling:** REST APIs, GraphQL, Algolia, Git, GitHub Actions, Jenkins, Azure DevOps, Jira automation

**AI-assisted Development:** GitHub Copilot (agents, custom instructions), LLM integration

**Familiar with:** React, Redux, Node.js, Webpack/Vite, Docker, AWS/Azure fundamentals, Java/Hibernate

**Ways of Working:** Agile/Scrum, code reviews, mentoring, client-facing collaboration

## EXPERIENCE

### Frontend Developer

**Tata Consultancy Services (TCS)** | Client: Air France-KLM | Aug 2020 - Present

*Amsterdam, Netherlands (onsite, Jan 2026 - Present) | Noida, India (Aug 2020 - Dec 2025)*
*Designations: IT Analyst (Oct 2023 - Present), System Engineer (2020 - Oct 2023)*

Frontend developer on the airline's global customer-facing website (airfrance.com, klm.com): **30M+ users, 150+ markets**, built as an Angular Nx monorepo.

- **Built the "Splash" landing page on my own**, from architecture through to production release.
- **Lead the Content Search feature**, integrating a new **Algolia** backend API. Search response time fell from **1-2 s to 300-400 ms (~75% faster)**.
- **Owned Information Pages** and shipped a **complete frontend module** to production on my own.
- **Rolled out the new application theme** across the platform, keeping the experience consistent across markets.
- **Improved LCP by ~50%** by moving image handling to **NgOptimizedImage**, which also raised Lighthouse scores.
- **Upgraded Angular from v13 to v22** across successive releases. Migrated **80+ components to the new Angular Material** and refactored legacy components to **Standalone, Signals, new control flow and OnPush**.
- **Brought accessibility reports to green (zero axe-core violations)** by fixing WCAG issues across shared components.
- **Raised unit test coverage to ~95% per file across ~80 components** (Jest), with E2E coverage in Cypress/Playwright.

- **Built reusable components, pipes and directives** for the shared design system, used across multiple feature libraries.
- **Improved developer experience:** wrote **custom ESLint and Stylelint rules**, built **GitHub Actions workflows**, and set up **Jira automations that save 1-2 hours per week**.
- **Mentored teammates and reviewed code daily**, working directly with client product owners, designers and backend teams.

### Web Developer

**Tata Consultancy Services (TCS)** | TCS Cloud Solutions (internal product) | Jul 2018 - Aug 2020

*Chennai, India*

*Designation: Assistant System Engineer (Jul 2018 - 2020)*

- **Built a multi-page web application from scratch** in HTML5, CSS3 and JavaScript, with authentication (login/logout). It was used by **100+ internal users**.
- **Developed backend REST APIs** with **Java and Hibernate**, giving end-to-end delivery from database to UI.

## AWARDS & RECOGNITION - 16 AWARDS AT TCS

- Technical Excellence Award (1), On the Spot Award (7), Applause Award (2)
- Special Initiative Award (2), Service Commitment Award (2), SMILES Award (2)

## EDUCATION

- **Master of Computer Applications (MCA)**, Computer Science - *Sastra University, 2021* | CGPA 8.0
- **Bachelor of Computer Applications (BCA)**, Computer Science - *Dr.VSICS*, 2018 | CGPA 7.8

## CERTIFICATIONS

- GitHub Copilot - Udemy
- Angular - The Complete Guide - Udemy

## LANGUAGES

English (Fluent) | Hindi (Native)
